Mount Type**

VENTILATING FANS

Window and Wall Mount Fans

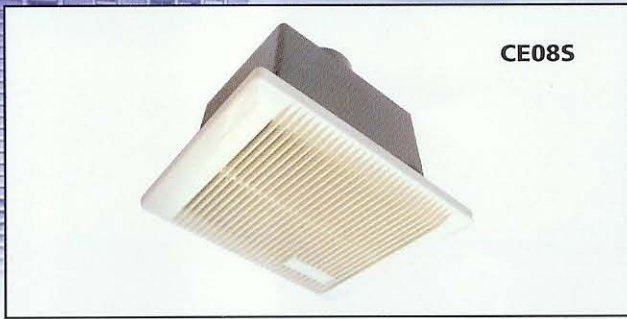

- High-quality engineering plastics, dust proof and unique static resistance
- The leak-proof structure is compact, light weight, and good looking

Specifications

- 1 The instant-insert dismantling vent is more convenient for ducting, installation, dismantlement and maintenance.
- 2 Anti-reflex vent sheet, anti-reverse flow, improve the hermetic seal.
- 3 The terminal box-hole design ensures conveniently power supply connecting and maintenance
- 4 Elegant inlet panel is fluid characteristic design. The design of clamping spring connection ensures easy installation, dismantlement and cleaning.
- 5 The body is weld joint tech finished, special workmanship coating, heavy-duty, rustproof and good hermetic seal
- 6 The ball bearing motor ensures low noise, maintenance free, permanent quality guarantee.
- 7 High performance large angle and large width centrifugal fan wheel, ensures high static pressure and air volume.
